ATTN OF:

DEPE

16 MAY 1973

SUBJECT: Transfer of FBIS Real Property - Kadena AB, FAC 6037

TO: USARJ/EN-IM

1. Reference is made to Facilities Subcommittee MEMO No. 897, 15 May 1972. The area occupied by Foreign Broadcasting Information Service (FBIS) was acquired as part of FAC No. 6037 for Kadena Air Base.

2. It is proposed that the entire real property improvements and land occupied by the FBIS in area adjacent to Kadena Air Base be transferred from the real property accountability of the U.S. Army to the Air Force.

3. [REDACTED] FBIS, in view of his desire to achieve reimbursable support from Kadena Air Base, has no objections to the proposed transfer of real property accountability. This proposed action would be of the best interest to the U.S. Government. With the U.S. Air Force assuming accountability for these real property assets, ultimate economies in operation and maintenance of the area should result.

STAT

4. It is requested that this headquarters be advised of the U.S. Army position regarding the above transfer proposal.
